

PAVING QUESTION AGAIN DISCUSSED.

Council Postpones Action for Another Week on the Matter.

LIQUOR MEASURE GOES OVER.

Tea Conclimen Went Down to Thistle Yesterday to Investigate the Asphaltum Claims.

The bids for the paving of east South Temple street from State to Seventh East were submitted to the city council last night by the board of public works and they together with all the communications in regard to the paving which have not been disposed of were referred to the committee of the whole to be discussed on Wednesday evening at 7:30 o'clock. At that time the property owners on the street will be given another opportunity to be heard in regard to some suitable plan for the paving.

Three bids were received by the board but one of them was thrown out because no certified check accompanied it. The bids submitted to the council were: P. J. Moran, \$101,972; Barber Asphalt Paving company, \$112,681; Moran's bid is \$10,709 lower than the Barber Asphalt company and is \$3,827 lower than the bid submitted by the city street improvement company. When the work was advertised the board of public works reported that the plan for the paving as suggested by Col. Wall was satisfactory to nearly all the property owners on the street. A. J. Davis was on the committee for consideration, but Fernstrom suggested that it be referred to the committee on streets and municipal laws. Black offered as a substitute motion for the whole that the matter be referred to the committee of the whole to meet on Wednesday night at 7:30 o'clock. The substitute motion prevailed so the property owners will be invited to meet with the council on that occasion.

LIQUOR ORDINANCE.

Hobday's substitute liquor ordinance was defeated by the council by a vote of 4 to 3. The ordinance was placed on its final passage but before the roll was called Fernstrom said that he believed that the ordinance was illegal and it passed could not be enforced. He asked for an opinion from the city attorney in regard to the legality of restricting restaurants to the sale of beer and wine only as provided in the substitute ordinance. Assistant City Attorney Bismell said that he had not looked into the matter and could not say of his hand as to the legality of such a restriction. Fernstrom then moved that the ordinance lay over for one week to give the attorney time to look up. The motion was lost by a vote of 5 to 10. The roll was then called on the passage of the ordinance and it was lost by the vote given above. Fernstrom called for a vote on his amended liquor ordinance, but Black moved that it lay over for one week so that each member of the council could be furnished with a copy. His motion prevailed.

WELLS PROPERTY PURCHASE.

Upon the recommendation of City Attorney Day, the sum of \$1,650 was appropriated by the council for the purchase from the estate of Teresa Lawson Wells, deceased, and others, of the lot on the north side of Canyon road from State to the entrance to the canyon, to be used in widening Canyon road.

OTHER MATTERS.

Councilman Wood introduced a resolution levying a tax on the abutting property on Canyon road from State to Second street for the paving of that street. The ordinance was passed upon suspension of the rules by a unanimous vote.

A protest against the sewer extension in Canyon road from Second to Third street and thence up Third street to A street was filed by Mary A. Kelly and others. Upon motion of Black the protest was referred back to the city engineer to be counted in with the other protests against the improvement. It was stated by Recorder Critchlow that he protested if counted with the others would defeat the extension.

A resolution was introduced by Wood instructing the street supervisor to notify the contractor to repair the force around the building as it is now in a very unsafe condition. The resolution was adopted. The following resolution by Black was introduced and adopted: "That the chief of police is hereby instructed to employ the prisoners in the city jail in improving the roadway in City Creek canyon."

TRIP TO THISTLE.

Tea councilmen took the trip to Thistle yesterday to investigate the asphaltum claims which have been offered to the city for \$3,000. Those who went were Councilmen Dean, Hobday, A. J. Davis, E. H. Davis, Fernstrom, Martin, E. H. Davis, Tuddenham, Hewlett and others. They were accompanied by R. G. Nebeker, who has an interest in the claims. An expert examination will be made as to the quantity of asphaltum in the claims before the matter is referred to the council. The claims are estimated three and a half miles from Thistle.

HOME FROM CORNELL.

Ralph Chamberlain Returns With Degree of Doctor of Philosophy.

Ralph V. Chamberlain is home from Cornell university, where he recently took the degree of doctor of philosophy. His career there was exceptional in many ways, and some items connected with it may be of interest to those among whom his early work was done, and who are now congratulating him upon his reaching a position as one of the foremost scientists of the state. He is remembered by those who know him at the University of Utah in the early nineties for his extraordinary interest in bugs. He was a bug hunter and could be seen day after day in the

TEA

Good dealing goes with good tea; good tea with good dealing.

And bad with bad.

Your pocket returns your money if you don't like Baking's Tea.

IT IS A MATTER OF HEALTH

zoological laboratory working over a microscope on his favorite subject. In 1898 he took his degree from the university in the department of science. After leaving the university he attached himself to the L. D. S. college, teaching first Latin and German, and later the scientific courses. When the L. D. S. university was established he was chosen for the chair of biology. This position he left in 1902, to continue his studies at the Hopkins Marine laboratory, a department of Stanford university, situated on Monterey bay. Here he found excellent facilities for the advanced study he was prepared to do, and progressed a great deal in his chosen work while there. He next studied at the San Diego station of the University of California zoological department. When Cornell opened in the fall of 1902 Mr. Chamberlain went east and registered as a candidate for the degree of Ph. D. His reputation for original research was already established there, and brought him an offer of the Goldwin Smith fellowship in zoology. An incident with precedence in the institution was the awarding of this same fellowship to him again at the end of the first year.

REYNOLDS WINS.

Ogden Typewriter Man Scores a Victory In the Federal Court.

In the United States circuit court yesterday, Judge Marshall handed down a decision in the case of Anna A. Scott vs. A. D. F. Reynolds and Emil S. Rolapp, intervenor. The action grew out of the failure of the defendant Reynolds, who ran a store on Washington avenue in Ogden last winter. The plaintiff had a chattel mortgage on the property and brought suit to foreclose the same. Subsequently the defendant was forced into bankruptcy and an intervention was entered by Emil S. Rolapp. The opinion is a lengthy one and dismisses plaintiff's bill and sustains the cross bill of the intervenor.

SORAINS.

S. A. Read, Cisco, Texas, writes, March 11th, 1901: "My wrist was sprained so badly by a fall that it was useless, and after using several remedies that failed to give relief, used Ballard's Snow Liniment, and was cured. I earnestly recommend it to any one suffering from sprains." 25c, 50c, \$1.00. Sold by Z. C. M. I. Drug Dept.

TRANSFORMING STATION.

Utah Light & Railway Company Building a New One.

A change that will effect the entire electrical supply of Salt Lake City will soon be made by the Utah Light and Railway company. The transforming stations now in use are to be done away with, and in their place a handsome new transforming station will be built, complete in all its details, and up-to-date in its electrical appliances. The new building will be situated on the banks of the Jordan river at a point between South Temple and First South streets. Orders have been placed by the company for the equipment, and construction on the building was begun today. It will be forty-five by one hundred feet in size, and will be known as the Jordan sub-station. There will be received at the transforming house all the power generated at the water power stations in Big Cottonwood canyon, Ogden canyon, and at Wellville. The power will come in with 25,000 and 40,000 voltage and will be transformed to a 4,000 voltage and sent to the "up town" station back of the Tribune building. From that station it will be distributed over the city for heating, power and railway purposes.

Special precautions will be taken in the construction of the new building to render it entirely fire proof. The building is to be entirely of brick and steel, and each transformer will be enclosed in a separate apartment opening only onto the outside. This will prevent the spread of any fire that may start in any one compartment, to another compartment. Another big improvement will be in the switch board, which has been ordered complete with the latest improvements known to electrical science. The power of the station is designed to be from 8,000 to 10,000 horse power and the construction provides for future power extension as business demands it. Six high tension transmitting lines will come in, two from Ogden, two from Cottonwood, and two from the Telluride Power company.

Mr. Hayward, the constructing engineer, on the new station and houses to have it ready for occupancy within a few months. When completed it will bring the electrical supply into much better control and will mean a great improvement in the city's service.

DECREE FOR CITY.

Wells, Clawson, Et Al, Ordered to Sell Strip in Canyon Road.

In the case of Salt Lake City vs Heber M. Wells, Spencer Clawson, and Rudger Clawson, executors of the estate of Teresa Clawson Wells, deceased, et al, Judge Hall yesterday rendered a decree wherein it is ordered that the defendant execute a deed to the plaintiff to a strip of land lying on the north side of Canyon road and running from State street back to the entrance

of the canyon in consideration of the sum of \$1,650, to be paid by the city. This is the strip of land which the city wanted for the purpose of widening the entrance of City Creek canyon and in order to gain a clear title to the same it was necessary to institute a friendly suit against the estate to secure possession of it.

MEXICAN LAND DEAL.

W. W. Cluff and J. A. Cunningham Leave Tonight for Old Mexico.

W. W. Cluff and J. A. Cunningham both left last evening for the City of Mexico to close a deal for a large tract of sugar cane and tropical fruit lands in the state of Vera Cruz. These gentlemen and their associates, consisting of a number of prominent Salt Lake, have for some time been negotiating with the Mexican government for the lands in question. Arrangements for the purchase have been completed and when the lands are taken possession of, another colony from Utah will be transplanted to Mexican soil.

OIL OPERATOR HERE.

J. P. McCarty of Texas Looking Over Local Field.

J. P. McCarty, the well known Texas oil operator, has arrived in the city, and as a guest of Capt. T. P. Steffy, visited the Farmington oil fields during the day.

Mr. McCarty has become interested in that locality and has the machinery on hand to commence drilling operations. Capt. Steffy, early in the year, acquired a tract of 77 acres directly east of the Guffey-Galey ground. It is on this tract that Mr. McCarty has interested himself. A deputy game warden, C. K. Rowland and others who visited the Guffey-Galey well Saturday say there is not the slightest doubt about some oil having been struck and that Chief Driller Rumbaugh anticipates important developments any day.

INFORMATION WANTED.

E. A. Ruman of Longbridge Cottage, Barford, near Warwick, England, writes the "News" asking for information concerning the whereabouts of an uncle named Stow, who is supposed to be in this city. He says he came out here in 1895 and would be about 70 years old at the present time. Information sent to the above address will be appreciated.

BROKE GAME LAW.

Three Gunners Caught Red-handed Shooting Snipe Out of Season.

John Doe is in trouble again. He is not alone this time, however, because his bosom companions, Thomas and Richard Roe, are also mixed up in the same affair. The three men together with Thomas Almy are charged by William Bingley, a deputy game warden of this county, with shooting snipe out of season and contrary to the game laws of the state. The four men were caught in the act of killing three snipe on Saturday by Mr. Bingley and hence will have to appear before Judge Diehl and explain their conduct. A complaint was issued against them by County Atty. Whitaker.

MIDDLEMASS FUNERAL.

Speakers Testify to the Many Sterling Traits of the Deceased.

Funeral services over the remains of Robert M. Middlemass were held at the family residence, 327 south Fourth West street, yesterday afternoon. Bishop James C. Watson of the Sixth ward presiding. There was a good attendance of relatives and friends, and beautiful music was furnished by members of the ward choir. The opening prayer was offered by Elder Thomas Winter and the speakers were Elders Hugh Watson, Alexander Burt, R. K. Thomas and Bishop Watson. All testified to the good character of the deceased, and to his many sterling traits, which endeared him to a host of friends. The benediction was pronounced by Elder James Ponton. At the city cemetery the Knights of the Macabees conducted the ritual of the order, after which the grave was dedicated by Bishop Watson. There were many beautiful floral emblems and the services throughout were quite impressive.

I. O. O. F. CELEBRATION.

Utah Members to Welcome Grand Sire John C. Goodwin.

On Thursday next the Odd Fellows will have a celebration in Salt Lake. On the morning of that day Grand Sire John C. Goodwin, with his officers and several hundred prominent members of the order, will arrive from outside points to spend the day, and the local Odd Fellows have arranged to give them a pleasant day in eight-seating. The officers of the grand lodge, headed by Dr. F. E. Straup, grand master,

BUILDING FOOD

To Bring the Babies Around.

When a little human machine for a large one goes wrong, nothing is so important as the selection of food which will always bring it around again.

"My little baby boy fifteen months old, had pneumonia, then came brain fever, and no sooner had he got over these than he began to cut teeth and be so weak, he was frequently thrown into convulsions," says a Colorado mother.

"I decided a change might help, so took him to Kansas City for a visit. When we got there he was so very weak when he would cry he would sink away and seemed like he would die. When I reached my sister's home she said immediately that we must feed him Grape-Nuts and, although I had never used the food, we got some and for a few days gave him that the juice of Grape-Nuts and milk. He got stronger so quickly we were soon feeding him the Grape-Nuts itself and in a wonderfully short time he fastened right up and became strong and well."

"That showed me something worth knowing and, when later on my girl came, I raised her on Grape-Nuts and she is a strong, healthy baby, and has been. You will see from the little photograph I send you what a strong, chubby youngster the boy is now, but he didn't look anything like that before we found this nourishing food. Grape-Nuts nourished him back to strength when he was so weak he couldn't keep any other food on his stomach. Name given by Postum Co., Battle Creek, Mich. All children can be built to a more sturdy and healthy condition upon Grape-Nuts and cream. The food contains the elements nature demands, from which to make the soft gray lining in the nerve centers and brain. A well fed brain and strong, sturdy nerves absolutely insure a healthy body. Look in each pkg. for the famous little book, "The Road to Wellville."

and the members of the reception committee will meet at the Knutsford at 8 o'clock, when the program for the day will be carried out. At 1:30 they will take a special train for Salt Lake, returning at 4 o'clock, in time for an organ recital at the Tabernacle, and in the evening at 7:30, a reception will be tendered the visitors at Barrett hall. There will be music and speeches, and a general good time.

MORE SURVIVORS.

Two Others Who Were Driven Out of Jackson County, Missouri.

To the Editor, West Weber, Sept. 10.—I have read in the Deseret News the piece asking for the names of those who were driven out of Jackson county. My parents were driven out with me when I was but seven months old. I was in all the drivings from there to Nauvoo and from there to Utah. I arrived in Utah on Oct. 5, 1846. I can remember very distinctly the mob marching in to Far West. I was born on the 23rd day of April, 1847. I am the son of Harvey Green and Sally Ann Green. My mother died from exposure during the drives in Missouri. Yours truly, AMMON GREEN.

Writing from Safford, Ariz., Eveline Benson Olsen says she was driven out of Jackson county, Mo., with the rest of the Saints. Then they went to Nauvoo and stayed there till they were driven again to Council Bluffs. Mrs. Olsen moved to Salt Lake in 1848, but she is now a resident of Arizona.

Better Than Gold.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by Z. C. M. I. Drug Store.

REGISTRATION DAY.

Increase of Over 100 Students at L. D. S. University This Year.

Registration day at the Latter-day Saint's university brought an increase of over a hundred students to that institution. The halls and corridors were thronged with students today selecting their courses for the winter's work, and meeting their professors in the various departments. For the first time in the history of the university it opens this year with its equipment and teaching staff complete. A full professor is at the head of each branch of the work, and his work is so arranged that he can give his whole time to his specialty. The class room space has been increased this year by the addition of enough rooms to prevent any such overcrowding as the school has experienced in past years. Fifty students registered today and yesterday, and it is expected that the registration will increase at the rate of about 100 a day until a total of 1,300 or more is reached.

MURPHY GOT 75 DAYS.

Wagon Dope Swindler Sentenced to Term in Jail.

It will be at least 75 days before one John Murphy works his pet scheme, known as the "wagon dope" graft on the Salt Lake public.

Several days ago this fellow Murphy was arrested for swindling various citizens here. He sold cans of wagon grease for 50 cents each, and said cans were supposed to hold at least a quart of the stuff. But many of his patrons found, upon opening the cans, that they contained about half an inch of the "dope," and the balance sawdust. Murphy was arrested on the charge of obtaining money by means of false pretenses. He was convicted, and yesterday Judge Diehl tucked him away in the county jail for a period of 75 days.

SOCIAL AND PERSONAL.

Mrs. Agnes Osbourne gave a delightful musical at her studio last night, Miss Berkhoff, Miss Sands and Miss Seckles assisting. The program was varied and difficult and was exceptionally well rendered.

Friends of Mrs. Chester Patrick, formerly Miss Lottie Dousman, of St. Louis, state that the announcement in a morning paper relative to invitations having been received for the wedding of Miss Dousman and Mr. Cosby in Wisconsin is an error, the lady having been married to her present husband, Chester Patrick at St. Louis on New Year's eve, 1893. The item concerning a more recent marriage, they state, is totally incorrect.

Alfred O. Miller entertained some of his friends of Salt Lake, at his home, 741 Glen avenue, the guests being entertained with different social amusements, after which some refreshments were served. The guests were Mr. and Mrs. Arnold H. Schultness, Mr. and Mrs. Maycock, Mr. and Mrs. Bryant Hinckley, Mr. and Mrs. John Vetterli, Mr. and Mrs. John S. Thorup, Mrs. Hugh Cannon, Mr. and Mrs. Colman, Mr. and Mrs. Thomas Ashworth, Mr. Lindstrom, Miss Bertha Thorup, Mr. Francis Scholes, Miss Caroline Scholes.

Mr. and Mrs. R. A. Keyes leave this week for an extended eastern trip.

The Misses Eckery have returned from a trip to St. Louis and Colorado, having been absent for the past month. In Denver they were guests of Mr. and Mrs. E. A. Nock formerly of this city, both of whom are now visiting the fair.

Miss Grace T. Cannon, has issued announcement cards for the opening of her school of cookery, which takes place on Monday, Oct. 10.

Mrs. Hubbard Reed entertained the membership of the Bridge club at a delightful luncheon today at the Alta club.

Mrs. Ella Squires and Mrs. John Sears will leave shortly for New York, to remain during the winter. They will take a flat and keep house for the two young artists Clyde Squires and John Sears who are studying in New York. They will visit the city on their way.

Miss Laura Foster has just returned from Europe, where she visited England, France, Germany, Switzerland, Holland, Belgium, Denmark and Norway. She reports having had a most delightful time.

Mrs. Warren C. Dugan left today for an eastern trip.

The "Jofan" year books are out and present a very interesting program for the coming season. The organization meeting will take place on September 27, and the regular on October 4, the

paper to be given by Mrs. Emma McKicker.

Mrs. Henry Moss is here from Denver visiting her mother, Mrs. Julia Allen.

The house decoration section of the Ladies Literary club met yesterday at the club house and the chairman, Mrs. J. L. Franklyn gave an introductory talk on the subject.

Tonight the Philharmonic Guaranteeing association will meet with Mrs. W. A. Nelden, and all interested in the work are invited to be present.

On Friday evening, Sept. 9, 1904, the Henry Literary Society gave a most enjoyable party at the residence of Lawrence G. Cracroft. Those present were the Misses Nellie Coulam, Ruby Peterson, Alire Wehley, Maynon Lyman, Grace Jovan, Rose Stam, Kittie Beveridge, Neva Price, and Annie Williams, Messrs. Thomas G. Wood, Charles S. Gardner, Alma T. Davis, Arthur J. Wood, Hans C. Miller and Lawrence G. Cracroft.

Highly interesting and entertaining games were the pastimes of the evening, after which most delicious refreshments were served.

Mr. and Mrs. George D. Alder celebrated their crystal wedding on Saturday night in a delightful party at their home, about 100 guests being present. The rooms were beautifully decorated in sunflowers and autumn blooms, and delicious refreshments were served. The presents, which were numerous and handsome, consisted chiefly of cut glass. The affair was a thoroughly enjoyable one.
